 Congratulations and hope you enjoy your Gas Certificates!

For You and Your Company we have, over this last six months, placed our directory in the largest book exhibit of the year in New York. We have also updated, added important new companies, and published our newest edition of CLSD for your business connections, with more changes than ever before, and created a much larger, new USA section. We offer a warm welcome and thanks to you all, both new and continuing companies! You are very special to us and **thank you** for your support and business.

We are presently making plans for our next large legal conference in Calgary, another Canadian jewel, which we will visit as your representative at the CBA Legal Conference. With this in mind, we have created a cover which mirrors the Calgary area and landscape, and ties this location to the conference with our legal representative, as seen on our special stamp, denoting that Karma Publications has reached a milestone, having been serving the courts, the legal profession, and all of you for over 22 years now! We have, with Andy's help, extended our reach across this country and into the USA, which is more evident this edition, and on ProcessServersCanada.com, as well. Having all of **your companies** showcased, is truly Karmic!

Alberta Prairie Landscape

We are offering a Grand Prize, **A Fishing Resort Holiday**, to promote your company at this summer's Legal Conference in Calgary.

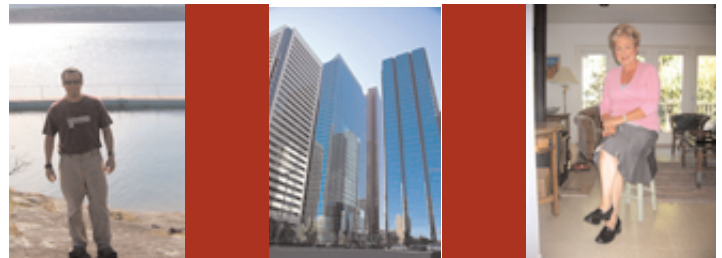

Lawyers will be asked to place their business cards in our draw - more connections for you! This draw will take place on August 14 and winners will be announced in December's **Red Tape**.
